## OVERVIEW

- Research Scientist** A data scientist with a Ph.D. in Computer Science, specializing in Computer Vision, Image Processing, and Machine Learning solutions with a strong mathematical, data management, and analytics background. Published author with over 1000 citations, and technical reviewer for more than nine years. My experience brings invaluable insight into analyzing, processing, and reporting meaningful reports, decisions, and visualizing data. I am a versatile researcher with a broad knowledge of programming languages, databases, and data structures.
- Full-Stack Software Developer** Over 15 years of experience in software and web development. A developer who enjoys simplicity in design, creative code, innovation, with an eye for designing and developing Graphical User Interfaces. Encourages collaborative work environments, stimulates group creativity and promotes sharing of knowledge. Specialized in Computer Vision, Machine Learning, Object Oriented Programming, Data Structures and Algorithms, and scripting solutions. Experienced in C++, Python, Java, Web technologies, and SQL databases.
- Teaching experience** I have taught courses in computer science, programming languages, and advanced programming concepts for over ten years at the University Level.

## WORK EXPERIENCE

- 2016–Present*  
*Tempo Analytics, Canada*  
**Co-Founder, Research & Development, Software Development Engineer**  
Architect, team technical lead, and full-stack software developer of a server-client application to deliver the speed of service time statistics for the Quick Service Industry. In charge of building Machine Learning and Computer Vision solutions for customer detection, people re-identification, and metric learning. Creating and designing web tools to control the applications nodes features, and display analytics.
- 2010–2016*  
*University of Ottawa, Canada*  
**Research Assistant, Computer Vision Software Developer**  
Responsible for writing research papers, presenting research findings, and develop computer vision and machine learning software to test and validate the results. Research on shape analysis, object detection and tracking solutions for augmented reality, robot localization, and surveillance applications.
- 2011–2012*  
*Proximify*  
**Senior Web Developer**  
Design and development of a javascript engine powering UniWeb and CCV Sync. Proximify is a web-based software for academic institutions and grant agencies. Envisioning and building a research network tool for creating and maintaining your Canadian Common CVs.

2010–2011 **Web Developer**  
*Dalen Design* Development and maintenance of the e-commerce website: [Hot Tub Covers Canada](#).  
 Processing electronic payments, showcasing products, accessories, descriptions, managing reviews and comments.

2009–2010 **Software Developer**  
*Hegyí Geomatics international Inc* Design and development of tools for the forest industry. Image analysis of forest stands using high resolution and Landsat imagery (Java, and C++).

2008–2010 **Research Assistant, Computer Vision Software Developer**  
*University of Ottawa, Canada* Responsible for writing research papers, presenting research findings, and develop computer vision software to test and validate the results. Research on image processing techniques to extract relevant features from images.

2006–2008 **Software Developer**  
*Navaera USA LLC* Creating a web crawler and multi-platform tools for automatic clustering of documents from the web based on their content and metadata (Java, C#, and Python).

2006–2008 **Network Administrator, Software Developer**  
*University of Havana, Cuba* IT Team leader for the main building of the University of Havana. Design, development, and validation of network administration tools for user monitoring, domain login, email access, and internet quota management. Provided network support and IT services.

## EDUCATION

2010-2016 **Doctor of Philosophy in Computer Science** GPA: 10.0/10.0  
*University of Ottawa, Canada* Thesis: *Efficient Feature extraction for Shape Analysis, Object Detection and Tracking*  
 Robust feature representations to aid shape analysis, object detection and tracking.  
**Supervisors:** Prof. Jochen Lang & Prof. Robert Laganière

2009-2010 **Master of Computer Science** GPA: 10.0/10.0  
*University of Ottawa, Canada* Thesis: *Towards Feature Detection based on Morphology of Objects on Images*  
 Extracting lines and corners from images based on the morphology of objects.  
**Supervisor:** Prof. Amiya Nayak

2001-2006 **Bachelor of Computer Science** GPA: 4.56/5.0 (magna cum laude)  
*University of Havana, Cuba* Thesis: *Diskless Cluster: Parallel and Distributed Systems*  
 Bootable Cluster LiveCD based on Debian GNU/Linux distribution.  
**Supervisor:** Prof. Joel de la Noval

## LICENSES & CERTIFICATIONS

<i>Coursera</i>	Deep Learning Specialization	Cred ID: G8YPRSBUR4X
2019	Structuring Machine Learning Projects	Cred ID: 5D9RY2485Z4G
	Sequence Models	Cred ID: GCJHGKVL6ZLL
	Convolutional Neural Networks	Cred ID: NQNLA6AYQ7NM
	Neural Networks and Deep Learning	Cred ID: XJPXEXXMSB8K
	Hyperparameter tuning, Regularization and Optimization	Cred ID: XFSWVLMMR4KM

## PATENTS

2017	System and method for gathering data related to quality of service in a customer service environment. CA 3014365 — PCT/CA2017/050849 — WO2019/010557.
<i>Tempo Analytics</i>	

## TEACHING EXPERIENCE

2009 – 2015	Programming Paradigms. (CSI2120),	Winter 20{15   11}.
<i>University of Ottawa</i>	Operative Systems (CSI 3131),	Summer 2015.
	Advanced Programming Concepts in C++{11} (CSI 2372).	Fall 20{14   12   10}.
	Introduction to Computing I & II (ITI 11{20   21} - Python),	Fall 2015.
	Introduction to Computing I & II (ITI 11{20   21} - Java),	Winter 20{14   13}.
	Computing Concepts for Business (CSI1306).	Fall 2009.
2006 – 2008	Network Administration in GNU/Linux,	Fall 200{7   8}
<i>University of Havana</i>	Object Oriented Programming with Java and C#,	Summer 200{8   7}.
	SQL and Relational Database Model Concepts,	Fall 2005

## SKILLS & EXPERTISE

<i>Expertise</i>	Computer Vision · Image Processing · Machine Learning · Data Structure & Algorithms · Object-Oriented Programming · RDMS (i.e., MSQl, MySQL, Postgres, and SQLite) · Networking · Web Development/Design · e-Commerce · GIS · MVC
<i>Markup and Programming Languages</i>	C++ · C · Python · Java · C# · PHP · Matlab · JavaScript · Prolog · Perl · Bash · HTML 5 · XML · CSS 3
<i>Software Development Tools</i>	OpenCV · Visual Studio · Xcode · Git · SVN · make · jQuery · L <sup>A</sup> T <sub>E</sub> X · Adobe Photoshop · Adobe Illustrator · Adobe Lightroom · Adobe Dreamweaver · OpenOffice · Microsoft Office Tools

## HONORS & AWARDS

- 2018 Professional Diploma in Photography (Shawacademy EQF Level 5).
- 2016 NSERC Engage Grant Program with Ross Video.
- 2015 Best real-time tracking method VOT Challenge 2015, Chile
- 2015 NSERC Engage Grant Program with Thales Canada.
- 2014 NSERC Engage Grant Program with You.i labs.
- 2012 NSERC Engage Grant Program with Cohort Systems Inc.
- 2011 NSERC CRD Grant with Pulse Microsystems Ltd.
- 2010 International Admission Scholarship from University of Ottawa.
- 2010 Ontario Centres of Excellence Grant with Hegyi Geomatics International Inc.  
Project: Green Earth (GIS).
- 2009 Excellence Scholarship from University of Ottawa.
- 2009 Ontario Centres of Excellence Grant with Hegyi Geomatics International Inc.  
Project: Green Earth (GIS).
- 2009 MITACS Accelerate Internship Program for graduate and postdoctoral fellows.  
Project: Advanced Tools for Forest Inventory and Management.
- 2006 Magma cum laude graduate as Bachelor in Computer Science

## TECHNICAL REVIEWS - JOURNALS AND CONFERENCES

IEEE Transactions on Instrumentation & Measurement. *TIM* 20{16 | 17 | 18}.

IEEE Transactions on Image Processing. *TIP* 2015.

IEEE International Conference on Multimedia and Expo. *ICME* 2013.

IEEE International Conference on Robotics and Automation. *ICRA* 2013.

IEEE International Conference on Multimedia and Expo. *ICME* 2012.

IEEE International Conference on Multimedia and Expo. *ICME* 2011.

7th IEEE International Conference on Mobile Ad-hoc and Sensor Systems.  
*MASS* 2010.
