OVERVIEW

- Professional Summary** A technical lead data scientist with a Ph.D. in Computer Science, specializing in Computer Vision, Image Processing, Machine Learning and Deep Learning solutions with a strong mathematical, data management, and analytics background. Published author with over 1000 citations, and technical reviewer for more than nine years. My experience brings invaluable insight into analyzing, processing, visualizing, and reporting meaningful decisions. A technical lead who performs and delegates multiple duties while motivating staff, making sound decisions, and working with stakeholders at all levels of responsibility. Extensive experience delivering technology products from conception to delivery while successfully allocating resources and timelines. I am a versatile researcher with a broad knowledge of programming languages, databases, and data structures. I have taught courses in computer science, programming languages, and advanced programming concepts for over ten years at the University Level.
- Full-Stack Software Developer** Over 15 years of experience in software and web development. A developer who enjoys simplicity in design, creative code, innovation, with an eye for designing and developing Graphical User Interfaces. Encourages collaborative work environments, stimulates group creativity and promotes sharing of knowledge. Specialized in Computer Vision, Machine Learning, Deep Learning - Convolutional Neural Networks (i.e., LeNet, AlexNet, VGG, GoogleNet, and ResNets), Object Oriented Programming, Data Structures and Algorithms, and scripting solutions. Experienced in Python, C++, R, Java, Web technologies, SQL and NoSQL databases, DevOps, Kubernetes, and Containerization (i.e, Docker).

WORK EXPERIENCE

- 2020–Present*
DScD, StatCan, Canada **Lead Data Scientist**
Technical Lead of several projects under the Data Science Division / Product Delivery Section for clients such as Public Health Agency of Canada (PHAC), Health Canada (HC), and Statistics Canada (StatCan). Working on product delivery, achitecure, production planning, pipelines, data integration, ML modelling, deep learning, and cloud integration (i.e., Kubernetes and Microsoft Azure) for the following projects: Cyclops, COVID-19 PPE - EPI Model, Frontier Counts, SEDAR, and Hydra.
- 2016–2020*
Tempo Analytics, Canada **Co-Founder, Research & Development, AI Software Development Engineer**
Architect, team technical lead, and full-stack software developer of a server-client application to deliver the speed of service time statistics for the Quick Service Industry. In charge of building Deep Learning Neural Networks (i.e., CNN, and RestNets) and Computer Vision solutions for customer detection, people re-identification, and metric learning. Creating and designing web tools to control the application's nodes features, and display analytics.
- 2010–2016*
University of Ottawa, Canada **Research Assistant, Computer Vision Software Developer**

Responsible for writing research papers, presenting research findings, and develop computer vision and machine learning software to test and validate the results. Research on shape analysis, object detection and tracking solutions for augmented reality, robot localization, and surveillance applications.

- 2011–2012 **Senior Web Developer**
Proximify Design and development of a javascript engine powering UniWeb and CCV Sync. Proximify is a web-based software for academic institutions and grant agencies. Envisioning and building a research network tool for creating and maintaining your Canadian Common CVs.
- 2010–2011 **Web Developer**
Dalen Design Development and maintenance of the e-commerce website: *Hot Tub Covers Canada*. Processing electronic payments, showcasing products, accessories, descriptions, managing reviews and comments.
- 2009–2010 **Software Developer**
Hegyi Geomatics international Inc Design and development of tools for the forest industry. Image analysis of forest stands using high resolution and Landsat imagery (Java, and C++).
- 2008–2010 **Research Assistant, Computer Vision Software Developer**
University of Ottawa, Canada Responsible for writing research papers, presenting research findings, and develop computer vision software to test and validate the results. Research on image processing techniques to extract relevant features from images.
- 2006–2008 **Software Developer**
Navaera USA LLC Creating a web crawler and multi-platform tools for automatic clustering of documents from the web based on their content and metadata (Java, C#, and Python).
- 2006–2008 **Network Administrator, Software Developer**
University of Havana, Cuba IT Team leader for the main building of the University of Havana. Design, development, and validation of network administration tools for user monitoring, domain login, email access, and internet quota management. Provided network support and IT services.

EDUCATION

- 2010-2016 **Doctor of Philosophy in Computer Science** GPA: 10.0/10.0
University of Ottawa, Canada Thesis: *Efficient Feature extraction for Shape Analysis, Object Detection and Tracking*
 Robust feature representations to aid shape analysis, object detection and tracking.
Supervisors: Prof. Jochen Lang & Prof. Robert Laganière
- 2009-2010 **Master of Computer Science** GPA: 10.0/10.0
University of Ottawa, Canada Thesis: *Towards Feature Detection based on Morphology of Objects on Images*
 Extracting lines and corners from images based on the morphology of objects.
Supervisor: Prof. Amiya Nayak
- 2001-2006 **Bachelor of Computer Science** GPA: 4.56/5.0 (magna cum laude)
University of Havana, Cuba Thesis: *Diskless Cluster: Parallel and Distributed Systems*
 Bootable Cluster LiveCD based on Debian GNU/Linux distribution.
Supervisor: Prof. Joel de la Noval

LICENSES & CERTIFICATIONS

<i>Coursera</i>	Deep Learning Specialization	Cred ID: G8YPRSBUR4X
<i>2019</i>	Structuring Machine Learning Projects	Cred ID: 5D9RY2485Z4G
	Sequence Models	Cred ID: GCJHGKVL6ZLL
	ConvNN (i.e., LeNet, AlexNet, GoogleNet, VGG, ResNets)	Cred ID: NQNLA6AYQ7NM
	Neural Networks and Deep Learning	Cred ID: XJPXEXXMSB8K
	Hyperparameter tuning, Regularization and Optimization	Cred ID: XFSWVLMMR4KM

PATENTS

<i>2017</i>	System and method for gathering data related to quality of service in a customer service environment. CA 3014365 — PCT/CA2017/050849 — WO2019/010557.
<i>Tempo Analytics</i>	

TEACHING EXPERIENCE

<i>2009 – 2015</i>	Programming Paradigms. (CSI2120),	Winter 20{15 11}.
<i>University of Ottawa</i>	Operative Systems (CSI 3131),	Summer 2015.
	Advanced Programming Concepts in C++{11} (CSI 2372).	Fall 20{14 12 10}.
	Introduction to Computing I & II (ITI 11{20 21} - Python),	Fall 2015.
	Introduction to Computing I & II (ITI 11{20 21} - Java),	Winter 20{14 13}.
	Computing Concepts for Business (CSI1306).	Fall 2009.
<i>2006 – 2008</i>	Network Administration in GNU/Linux,	Fall 200{7 8}
<i>University of Havana</i>	Object Oriented Programming with Java and C#,	Summer 200{8 7}.
	SQL and Relational Database Model Concepts,	Fall 2005

HONORS & AWARDS

- 2019 Best Exterior Photo, First Place, Doors Opens/Portes Ouvertes by City of Ottawa
- 2019 Grand Prize Winner, Canada in One City Photo Contest by @Ottawatourism
- 2019 Grand Prize Photography Award, Ottawa in Bloom Contest by @Ottawatourism
- 2018 Professional Diploma in Photography (Shawacademy EQF Level 5).
- 2016 NSERC Engage Grant Program with Ross Video.
- 2015 Best real-time tracking method VOT Challenge 2015, Chile
- 2015 NSERC Engage Grant Program with Thales Canada.
- 2014 NSERC Engage Grant Program with You.i labs.
- 2012 NSERC Engage Grant Program with Cohort Systems Inc.
- 2011 NSERC CRD Grant with Pulse Microsystems Ltd.
- 2010 International Admission Scholarship from University of Ottawa.
- 2010 Ontario Centres of Excellence Grant with Hegyi Geomatics International Inc.
Project: "Green Earth (GIS)".
- 2009 Excellence Scholarship from University of Ottawa.
- 2009 Ontario Centres of Excellence Grant with Hegyi Geomatics International Inc.
Project: "Green Earth (GIS)".
- 2009 MITACS Accelerate Internship Program for graduate and postdoctoral fellows.
Project: "Advanced Tools for Forest Inventory and Management".
- 2006 Magma cum laude graduate as Bachelor in Computer Science

TECHNICAL REVIEWS - JOURNALS AND CONFERENCES

IEEE Transactions on Instrumentation & Measurement. *TIM* 20{16 | 17 | 18}.

IEEE Transactions on Image Processing. *TIP* 2015.

IEEE International Conference on Multimedia and Expo. *ICME* 2013.

IEEE International Conference on Robotics and Automation. *ICRA* 2013.

IEEE International Conference on Multimedia and Expo. *ICME* 2012.

IEEE International Conference on Multimedia and Expo. *ICME* 2011.

7th IEEE International Conference on Mobile Ad-hoc and Sensor Systems. *MASS* 2010.
